

# FUM Sunday

When a caterpillar changes into a beautiful butterfly, we say it has "transformed". We are like butterflies when we change our lives and become more like Jesus.

Friends United Meeting is getting ready for a big meeting next summer called the Triennial. We will be talking about transforming our lives and we get this message from the Bible in Romans 12:2.

Color the caterpillar and butterfly below and think about how our lives change to become something beautiful with God's love.

*Friends United Meeting is a group of people that work together to help children and adults all over the world in places like Belize, Cuba, Ramallah, and East Africa. Together we help people go to school and see a doctor when they are sick. Together we help people become pastors, start new churches, and even find clean water to drink! Together, with God's help, we do good work helping people!*
